Baku, Azerbaijan | 162m

Ashgabat, Turkmenistan | 133m

Aqaba, Jordan | 132m

Amman, Jordan | 127m

Abu Dhabi, U.A.E. | 123m

Stately Flagpoles™

Trident Support's Stately Flagpoles™ combine elegance, impressive height, superior design, and durability for a truly "Stately" appearance. Designed to display and fly a National, regional, state, or corporate flag in grand style, Trident Support's Stately Flagpole™ will enhance the appearance of central parks, corporate headquarters, city squares, stadiums, or any other architectural centerpiece.

Commercial & Architectural Flagpoles

Trident Support offers a complete range of Commercial and Architectural Flagpoles and Banner Poles tailored for hotels, retail storefronts, and other commercial properties. In addition to a standard range of Aluminum, Stainless Steel, and Fiberglass (GRP) Flagpoles and Banner Poles, Trident Support proudly offers our own premium line of Prestige™ Flagpoles. Our Prestige™ line of flagpoles are available in standard heights from six to 24 meters, and are assembled to exacting standards in our Dubai facility from the finest quality components from the U.S. and throughout the world.

Flags & Banners

Big flagpoles require big flags, and Trident Support has the experience and knowledge to manufacture massive flags designed to fly in the harshest environments under extreme conditions. Trident Support uses the highest quality flag fabrics available in the world today which are stitched together using heavy duty industrial sewing machines and techniques in our own facility in Dubai. Our years of experience in flying massive flags on world record flagpoles has enabled us to create the heaviest duty, longest lasting flags on the market. We proudly make our flags in a variety of sizes, from standard sizes for commercial flagpoles, up to "massive" sizes for our Monumental Flagpoles.™

Design | Manufacture | Installation | Maintenance

From design to final assembly and lifecycle maintenance, Trident Support offers complete solutions for your flagpole needs

Trident Support doesn't just sell flagpoles. We install and maintain them as well, offering a full service solution for your flagpole requirements. Whether your flagpole is a standard commercial pole installed at ground level, a large flagpole installed on the rooftop of a building, or a world record Monumental Flagpole™ installed anywhere on the globe, Trident Support's technical installation crew has the experience and skill sets to get the job done efficiently and safely.

Prior to any sale, Trident Support offers our clients free consultative advice on recommended flagpole heights, materials, finishes, and mounting techniques which are suitable for the desired locations. Flag etiquette and appropriate flag sizes are also taken into consideration when consulting with our client's demands.
